**Sula's
Hearts**

Sula's Hearts

To make Sula's Hearts for your Bingsters to place on their favourite things you will need:

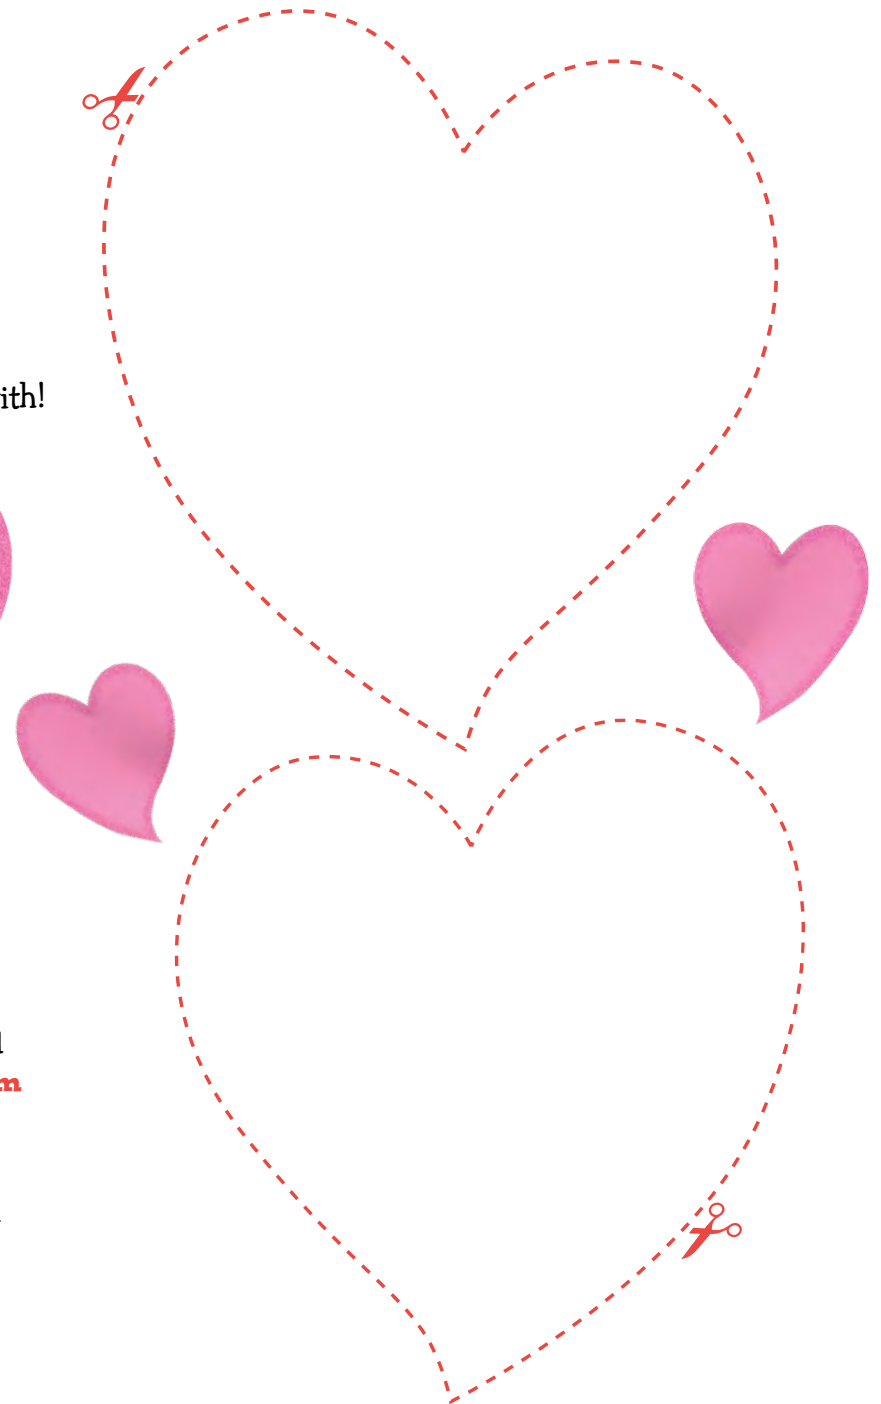

- ♥ Pens, pencils, paints, stickers, or whatever your Bingsters love to decorate with!
- ♥ Scissors

Instructions:

To make your very own Sula's Hearts:

1. Print off the sheet for your Bingsters to decorate the heart templates.
2. Once they're decorated and left to dry if necessary, grown-ups should cut the hearts out following the dotted line.
4. TA DA! Now they're finished and your Bingsters can place their hearts on to their favourite things.
5. Please do share with us your hearts photos, either on our Facebook page or you can send them to be featured in our Bingster Gallery via our website www.bingbunny.com

As Bingsters vary in age and ability, we'd like to point out some safety considerations. It's great to get your Bingsters involved in making Sula's Hearts and we encourage that, but please do use caution and your own good judgement about which steps your Bingster can safely be involved in. We recommend that you cut the star shapes out yourself. Please don't leave your Bingster unsupervised with the scissors.
