

You will need:

- * A4 sheets of card
- * Safety scissors
- * Glue or Sellotape
- * String
- * Pens, pencils, stickers, glitter or other things your Bingster wants to decorate with

Make Doctor Bing's Medical Dress Up

Instructions:

1. Decorate the hat and stethoscope templates any way your Bingster likes and safely cut them out along the dotted lines.
2. Measure a length of string to fit your Bingster's head, leaving some additional room to tie the ends.
3. Make two holes, in the bottom corners of the hat (as marked) and thread through the string leaving equal lengths on both sides.
4. Place the hat on your Bingster's forehead and tie the two ends of string together at the back of their head.
5. Place the stethoscope on your Bingster's chest, hooking the earpiece sections around the back of their neck.

Ta-daa...

Doctor Bing is ready for his next appointment!

Please use caution and your own good judgement about which steps your Bingster can safely be involved in.
